

PCC (Piab Cruise Control)

Item number: PCC (Piab Cruise Control)

- For vacuum pump P6010.
- Programmable for constant vacuum level.
- The signal input regulates the feed pressure to maintain a constant vacuum level.
- Integrated analog vacuum sensor.

Technical data

Description	Unit	Value
Material	-	AlSi302, Al, Nitrile (NBR), PA, SS
Temperature, max.	°F	122.0
Temperature, min.	°F	37.4
Feed pressure, max.	psi	0.14
Safety classification	-	IP65
Voltage	VDC	24 (21.8–26.4)
Current, consumption	mA	120
Voltage, signal input	VDC	0-10

Accessories

01.21.817 | Cable M12 4-pin female, PUR, L=5m*
