

Glass Fiber-Optic Cable

Through-Beam Mode

203-334-608E2

Part Number

- The fiber-optic cable is available and can be ordered.

Glass fiber-optic cables are extremely flexible and can be used in confined spaces. Metal-sheathed glass fiber-optic cables are the solution for high ambient temperatures in particular.

The modular system enables different fiber diameters, sheaths and other options to be manufactured individually. The technical support team will be happy to answer any further questions you may have.

Technical Data

Mechanical Data	
Jacket Material	Stainless steel, V2A (1.4301 / 304)
Packaging unit	1 Piece
