

Glass Fiber-Optic Cable

Through-Beam Mode

SLK1711

Part Number

Technical Data

Optical Data

Fiber Bundle Diameter	1,6 mm
Fiber	Step Index
Fiber Diameter	50 μm

Mechanical Data

Temperature Range	-25...180 °C
Bending Radius	35 mm
Fiber-Optic Length L	0,5 m
Jacket Material	Silicone
Material End Sleeve	Aluminum
Light Emission	sidewise

- A broad range of applications are possible due to the modular system design
- The fiber-optic cable is available and can be ordered.

Glass fiber-optic cables are extremely flexible and can be used in confined spaces. Metal-sheathed glass fiber-optic cables are the solution for high ambient temperatures in particular.

The modular system enables different fiber diameters, sheaths and other options to be manufactured individually. The technical support team will be happy to answer any further questions you may have.

All dimensions in mm (1 mm = 0.03937 Inch)
