

Glass Fiber-Optic Cable

Reflex Mode

SLK2351

Part Number

Technical Data

Optical Data

Fiber Bundle Diameter	3 mm
Opening Angle	14 °
Fiber	Step Index
Fiber Diameter	50 µm
Fiber Distribution	separate fiber bundles

Mechanical Data

Temperature Range	-25...340 °C
Bending Radius	70 mm
Fiber-Optic Length L	1 m
Jacket Material	Stainless Steel
Material End Sleeve	Stainless Steel
Light Emission	straight

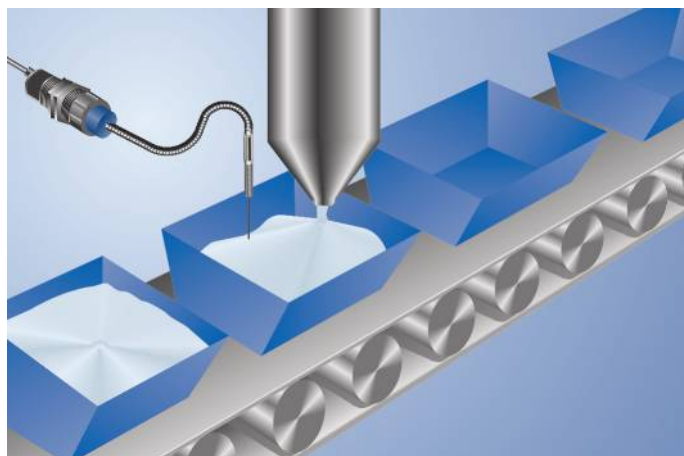

Fiber-Optic Cable Adapter No.

002

- A broad range of applications are possible due to the modular system design
- The fiber-optic cable is available and can be ordered.

Glass fiber-optic cables are extremely flexible and can be used in confined spaces. Metal-sheathed glass fiber-optic cables are the solution for high ambient temperatures in particular.

The modular system enables different fiber diameters, sheaths and other options to be manufactured individually. The technical support team will be happy to answer any further questions you may have.

All dimensions in mm (1 mm = 0.03937 Inch)
