

Glass Fiber-Optic Cable

Through-Beam Mode

SLK2376

Part Number

Technical Data

Optical Data

Fiber Bundle Diameter 1,6 mm

Opening Angle 68 °

Fiber Step Index

Mechanical Data

Temperature Range -25...250 °C

Bending Radius 50 mm

Fiber-Optic Length L 1 m

Jacket Material Stainless Steel

Material End Sleeve Aluminum

Fiber-Optic Cable Adapter No.

003

- A broad range of applications are possible due to the modular system design
- Stock types deliverable at short notice

Glass fiber-optic cables are extremely flexible and can be used in confined spaces. Metal-sheathed glass fiber-optic cables are the solution for high ambient temperatures in particular.

The modular system enables different fiber diameters, sheaths and other options to be manufactured individually. The technical support team will be happy to answer any further questions you may have.

All dimensions in mm (1 mm = 0.03937 Inch)
